## **ARTICLE 1 PROJECT DESCRIPTION AND BUDGET**

Building Name: South Reno DMV

Gross Building Area: 52,000 square feet

Established Construction Budget: \$30,000,000

### General Project Description:

The scope of this project is to complete the drawings through construction for a new, approximately 57,825 sf, Department of Motor Vehicles Facility in south Reno. Project No.11-E02 provided advance planning for this project which included a commercial driver's license office and testing center, a motorcycle testing area, an inspection station, and an emissions lab.

With the implementation of new requirements for services and the closure of the Reno and Sparks Express offices, there has been a significant increase in customer volume at the only remaining full service office in Reno on Galetti Way. In addition, the available parking at the Galetti Way office is inadequate for the volume of customers. This forces some people to park off-site and creates safety hazards with customers parking in areas that prevent ingress/egress to the facility. Based on current needs, and factoring in projected growth, a new and enlarged full size office in Reno is necessary to provide a reasonable level of service to the public. The property was purchased to fill this very need. By the time this new facility is designed and constructed, the Department anticipates an acute need for this new facility. Once the new facility is constructed, the Department could close its Galetti Way office as well as the Sparks commercial driver's license office, currently located on leased property. DMV would turn over the Galetti Way property to NDOT. As determined by project 11-E02 Advance Planning, the 15 acre site will be large enough to accommodate the Department's needs for a new and expanded office, inspection station, emissions test lab, and a commercial driver's license testing building and course.

The Department purchased the property immediately off of the South Meadows Parkway exit from I-580 in anticipation of this new larger office to accommodate present and future growth. The 15 acre property on Double Diamond Parkway was purchased by the State in the 2003 CIP. The advance planning has been completed.

#### **ARTICLE 9 LEGAL ACTIONS**

This Agreement shall be construed and interpreted according to the laws of the State of Nevada. The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part. The Project is identified by name, location, and project number in the Owner-CMAR Construction Agreement.

### **1.2 THE WORK**

The term Work includes all labor, materials, services, equipment, tools, transportation, power, water, permanent and temporary utilities, connections, provisions for safety, and all incidental and other things necessary to produce the finished construction as described by the Contract Documents.

### **1.3 THE OWNER**

The Owner is the person or organization identified as such in the Owner-CMAR Construction Agreement. The term Owner means the Owner or his authorized representatives.

### **1.4 THE ARCHITECT**

The Architect is the person or organization responsible for the design of the Project and the preparation of the Drawings and Specifications on behalf of the Owner. The term Architect means the Architect or his authorized representatives.

### **1.5 THE CONSTRUCTION MANAGER AT RISK (CMAR)**

The CMAR is the person or organization identified as such in the Owner-CMAR Construction Agreement. The term CMAR means the CMAR or his authorized representatives.

### **1.6 SUBCONTRACTOR**

A Subcontractor is a person or organization who has a direct contract with the CMAR to perform any of the Work. The term Subcontractor means a Subcontractor or his authorized representatives.

### **1.7 SUB-SUBCONTRACTOR**

A Sub-subcontractor is a person or an organization who has a direct or indirect contract with a Subcontractor to perform any of the Work. The term Sub-subcontractor means a Sub-subcontractor or his authorized representatives.

### **1.8 WRITTEN NOTICE**

Written notice shall be deemed to have been duly served when delivered in person to the individual or member of the firm or to an officer of the organization for whom it was intended, or when sent by mail to the last known business address, or when sent by e-mail or facsimile. Minutes of construction progress meetings and/or Requests for Information do not constitute written notice.

### **1.9 CALENDAR DAYS**

All references to a 'day' or to 'days' in the Contract Documents shall be understood to mean calendar days unless specifically indicated otherwise. A Calendar Day shall be understood to be any day of the year, including weekends and holidays.

### **1.10 BUILDING OFFICIAL**

The Building Official is the State Public Works Division Building Official. Any changes to the Work that could be construed to have a potential code impact shall be reviewed and approved by the State Public Works Division Building Official.

1.11 GUARANTEED MAXIMUM PRICE

The Guaranteed Maximum Price is the maximum cost for the Work as delineated in the Owner-CMAR Construction Agreement and is also referred to as the Contract Sum in various Contract Documents including the CMAR General Conditions of the Contract.

1.12 CMAR'S CONTINGENCY

The CMAR's Contingency is an itemized amount that may be utilized by the CMAR, at his discretion, to cover the Cost of the Work described in the Contract Documents (Cost of the Work as defined in Section 7.5.1) and/or to cover the cost of the CMAR's General Conditions.

1.13 OWNER'S CONTINGENCY

The Owner's Contingency belongs solely to the Owner for the purpose of being allocated towards stipulated additional work (as itemized in an executed Change Order). Any portion of the Owner's Contingency that remains when the Work is completed belongs to the Owner.

1.14 THE CONTRACT

All of the Contract Documents form the Contract. The Contract Documents consist of all of the following, when applicable:

- A. Owner-CMAR Construction Agreement
- B. Supplemental CMAR General Conditions
- C. CMAR General Conditions of the Contract
- D. Change Orders
- E. Addenda to Specifications
- F. Addenda to Drawings
- G. Specifications
- H. Drawings

1.15 SUBMITTALS AND SHOP DRAWINGS

1.15.1 Submittals and shop drawings are drawings, diagrams, illustrations, performance charts, brochures, samples, and other data which are prepared by the CMAR or any Subcontractor, manufacturer, supplier, or distributor, which illustrate some portion of the Work.

1.15.2 Samples are physical examples furnished by the CMAR to illustrate materials, equipment, finishes, or workmanship, and to establish standards by which the Work will be judged.

1.16 RULES AND REGULATIONS

1.16.1 The CMAR shall comply with all applicable portions of the Nevada Revised Statutes (including, but not limited to, Nevada Revised Statutes Chapter 341).

1.16.2 The CMAR shall comply with Nevada Revised Statutes (NRS) Section 338.125 (which pertains primarily to discrimination against employees and applicants because of race, creed, color, national origin, sex, or age). A violation of any provision contained in NRS Section 338.125 shall constitute a material breach of the Contract.

1.16.3 The CMAR shall comply with Nevada Revised Statutes (NRS) Section 338.130 (which requires the preferential employment of honorably discharged veterans and citizens of the State of Nevada in the construction of public works). A violation of any provision contained in NRS Section 338.130 or any failure or refusal to comply with any of the provisions of Nevada Revised Statutes 338.130 shall render the Contract void.

1.17 ALLOWANCES

An allowance is a specific value designated by the Owner for use to accommodate work that could not be identified adequately for bidding purposes in the original construction documents. Any portion of an allowance that remains when the Work is completed belongs to the Owner.

## **SECTION 2 THE CONTRACT DOCUMENTS**

### **2.1 INTENT AND INTERPRETATION**

2.1.1 The Contract Documents are complementary, and what is required by any one shall be as binding as if required by all. In the event that the terms, provisions, conditions, specifications, or requirements contained in one contract document should conflict with those contained in another contract document, then such conflict shall be resolved in accordance with the following order of precedence:

- A. Owner-CMAR Construction Agreement
- B. Supplemental CMAR General Conditions
- C. CMAR General Conditions of the Contract
- D. Change Orders
- E. Addenda to Specifications
- F. Addenda to Drawings
- G. Specifications
- H. Drawings

In the event of an inconsistency between or within any of the Contract Documents or between any of the applicable codes, the better quality or greater quantity of work shall be provided, at no additional cost to the Owner.

2.1.2 Specifications shall take precedence over notes on drawings. Large scale drawings shall take precedence over smaller scale drawings.

2.1.3 The Contract Documents are intended to include and require all items which are necessary for the proper execution and completion of the Work.

2.1.4 Interpretations of the Drawings and Specifications and their intent, which are necessary to the proper execution and completion of the Work will be made by the Architect. Words which have well known technical or trade meanings are to be interpreted in accordance with such recognized meanings.

2.1.5 The organization of the Specifications into divisions and sections, and the arrangement of the Drawings, shall not be construed to establish controls or limitations on the CMAR with regard to dividing the Work among Subcontractors, or in establishing the extent of work to be performed by any specific trade.

### **2.2 EXISTING CONDITIONS**

2.2.1 It is the CMAR's responsibility to ascertain any existing conditions that may affect the cost of the proposed Work which could have been discovered by reasonable examination of the site.

2.2.2 No additional costs shall be allowed to the CMAR for existing conditions which could have been discovered by reasonable examination of the site.

2.2.3 Existing improvements visible at the job site, for which no specific disposition is made in the Contract Documents, but which could reasonably be assumed to interfere with the satisfactory completion of the Work, shall be removed and disposed of by the CMAR at no additional cost to the Owner, after written notification is given to the Owner.

2.2.4 The geotechnical report issued with the Contract Documents is provided for the CMAR's information and is not a Contract Document. The Owner does not guarantee the accuracy or completeness of the report and shall not be liable for any additional work or cost arising out of conclusions reached by the CMAR based upon the geotechnical report. The CMAR assumes all responsibility for any conclusions reached by the CMAR based on the geotechnical report.

## 2.3 REQUESTS FOR INFORMATION

- 2.3.1 The CMAR shall, upon discovering any discrepancy, conflict, or inconsistency in the Contract Documents, immediately submit a Request for Information (RFI) to the Architect. The Architect, upon receipt of any such request, will promptly investigate the circumstances and give appropriate instructions to the CMAR, but will take such action only after consultation with the Owner. Until such written instructions are given, any work done by the CMAR, either directly or indirectly relating to such discrepancy, conflict, or inconsistency will be at his own risk, and he shall bear all costs arising therefrom. The CMAR shall maintain a sequential log of all RFI's.
- 2.3.2 No work shall be performed by the CMAR without adequate drawings or specifications, or that is in conflict with or contrary to the Contract Documents. The CMAR shall immediately report to the Owner and the Architect any discrepancy, conflict, or inconsistency that he may discover, or should have discovered, in the Contract Documents. If the CMAR performs any work contrary to the Contract Documents, he shall be solely responsible and shall bear all costs attributable thereto.
- 2.3.3 Requests for Information shall be limited to one specific issue or group of related issues and shall not address multiple issues. The Architect will review and respond to RFI's within 10 days from the date that the RFI is received by the Architect. RFI's shall be issued by the CMAR to the Architect in a reasonable and orderly sequence such that they are not unreasonably grouped together and then delivered to the Architect.

## 2.4 SUBMITTALS AND SHOP DRAWINGS

- 2.4.1 The CMAR shall review, stamp with his approval, and submit to the Architect with reasonable promptness and in an orderly sequence so as to cause no delay in the Work, all submittals and/or shop drawings required by the Contract Documents or subsequently required by the Architect.
- 2.4.2 The CMAR's submittals shall provide specific written notice of any deviation from the requirements of the Contract Documents. Failure to specifically identify such deviations shall be adequate grounds for withdrawing or voiding approval of the submittal. The CMAR shall be responsible for all costs or delays associated with purchase and installation of any work that deviates from the requirements of the Contract Documents.
- 2.4.3 The CMAR shall issue all major submittals to the Architect in a reasonable and orderly sequence.
- 2.4.4 Submittals shall be properly identified as specified, or as the Architect may require. By approving and issuing submittals, the CMAR thereby represents that he has determined and has verified all field measurements, field construction criteria, materials, catalog numbers and similar data, and that he has checked and coordinated each submittal with the requirements of the Contract Documents.
- 2.4.5 The Architect will review submittals within 14 days from the date that they are received for conformance with the Contract Documents. The review of a separate item shall not indicate approval of an assembly in which the item functions.
- 2.4.6 When a specific manufacturer and model of equipment is scheduled on the drawings and/or in the specifications, and a second or third acceptable manufacturer is also listed in the specifications, it shall be the responsibility of the CMAR to confirm with the equipment supplier and equipment manufacturer, prior to bidding, that the alternative manufacturer is providing pricing for equipment that is equipped with features and capabilities that are equal to the scheduled and specified item of equipment. The acceptability of an equipment submittal shall be subject to the equipment supplier and manufacturer providing evidence satisfactory to the Owner and the Architect that the submitted equipment is, in fact, equal to the scheduled and specified equipment.

- 2.4.7 The review and approval of submittals by the Architect shall not relieve the CMAR of responsibility for any deviation from the requirements of the Contract Documents, nor shall review by the Architect relieve the CMAR from responsibility for errors or omissions in the submittals.
- 2.4.8 The CMAR shall correct submittals as required by the Architect and shall resubmit the required number of corrected copies of submittals until the Architect indicates that no further re-submittals are required. The CMAR shall identify in writing all revisions made, in addition to identifying the corrections requested by the Architect on previous submittals.
- 2.4.9 The number of submittals provided, reviewed, and approved shall include 7 sets for use by the Owner and the Using Agency.
- 2.4.10 None of the Work requiring submittals or shop drawings shall commence until the associated submittals have been reviewed and approved by the Architect.

## 2.5 SUBSTITUTIONS

- 2.5.1 The GMP and the Work shall be based on the products specified in the drawings and specifications. The characteristics of the specified products have been utilized in the design of the Project and in the preparation of the Drawings and Specifications, and as such establish minimum standards of function, dimension, appearance, and quality necessary for the Project. Equivalent products of other manufacturers may be acceptable, if, in the judgment of the Owner and the Architect, they meet the standards of the Contract Documents.
- 2.5.2 The CMAR shall submit any requests for substitutions in writing to the Owner and the Architect within the time specified in Section 2.5.2. Submittals and shop drawings do not constitute a request for substitution. Products not specified or accepted in writing as equivalent to those specified shall not be installed. The CMAR shall be responsible for all costs associated with removal and replacement should the CMAR proceed with installation of any substituted product without specifically identifying the substitution and obtaining written approval of the substituted product.
- 2.5.3 Requests for substitutions must be submitted to the Owner and the Architect within 30 days after the Notice to Proceed date. Thereafter, substitutions will be considered only in cases of documented product unavailability or other conditions beyond the control and without the fault of the CMAR, or in special circumstances when allowed by the Owner and the Architect.
- 2.5.4 The burden of proof of substituted product equality rests with the CMAR. Final approval of all substituted products shall be contingent on acceptance of the associated submittals and/or shop drawings, compliance with the Contract Documents, and acceptable installation. Approval to utilize a substituted product does not relieve the CMAR of his responsibility to meet the requirements of the Contract Documents.

## 2.6 AS-BUILT DRAWINGS

- 2.6.1 The CMAR shall provide and maintain at the Project site one copy of all Contract Documents, in good order and marked to show clearly all changes and as-built conditions. The CMAR and his Subcontractors shall indicate daily on these documents all as-built conditions and revisions due to substitutions, field changes, and Change Orders. The location of all concealed piping, conduit, fixtures, pull-boxes, and other similar installations, shall be clearly identified on these documents. Upon completion or termination of the Project, this set of documents shall be delivered to the Architect for utilization in preparation of the record drawings.
- 2.6.2 Progress payments may be reduced or withheld by the Owner in the event that as-built drawings are not kept current.

2.7 CHANGES IN THE WORK

2.7.1 A Change Order is an amendment to the Owner-CMAR Construction Agreement and is a written order to the CMAR signed by the Owner and the CMAR, issued after the execution of the Contract, authorizing a change in the Work and/or an adjustment in the Contract Sum or the Contract Time.

2.7.2 The Owner and the Architect have the authority to order minor changes in the Work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Such changes shall be binding on the CMAR.

2.7.3 The CMAR shall not proceed with changes to the Work without a Change Order or a Construction Change Directive. If the CMAR proceeds with changes to the Work without proper written approval, he does so at his own risk.

2.7.4 Should any event or circumstance occur that the CMAR believes may constitute a change in the Work entitling the CMAR to an adjustment to the Contract Sum or the Contract Time, the CMAR shall issue written notice and a request for a Change Order to the Owner within 7 days of the occurrence of such event or circumstance. Such written notice shall be issued by the CMAR for any event or circumstance that the CMAR knows, or should have known, to have a potential impact on the Work. The request shall describe in detail the related causes and any potential impact to the Work. The CMAR shall also identify any anticipated adjustment to the Contract Sum and/or to the Contract Time as a result of such impact. Failure to submit such written notice and a request within the time stipulated and with the information required by this Section (Section 2.7) shall constitute a waiver by the CMAR of the right to a Change Order.

2.7.5 The cost or credit to the Owner resulting from a change in the Work shall be determined in one or more of the following ways:

A. By unit prices stated in the Contract Documents or as subsequently agreed upon.

B. By a lump sum proposal, which is mutually accepted, is properly itemized, and includes the following:

1. Labor, including benefits, payroll taxes, and workers compensation insurance.
2. Materials entering permanently into the Work, including sales tax.
3. Costs for equipment utilized to perform the Change Order work.

C. By a not-to-exceed maximum cost, which is based on the actual cost of time and materials, properly itemized and verified, and includes the following:

1. Labor, including benefits, payroll taxes, and workers compensation insurance.
2. Materials entering permanently into the Work, including sales tax.
3. Costs for equipment utilized to perform the Change Order work.

2.7.6 The costs for changes in the Work may be increased to include a fixed mark-up for Subcontractor profit and overhead, CMAR profit and overhead on Subcontractor work, and profit and overhead on work done by the CMAR's own forces. This fixed mark-up shall not exceed the amounts stipulated below for a single Change Order item, or for any group of related items, and shall be full compensation for the cost of supervision (to include the Project Manager, Project Coordinator, Superintendent, and all other field and office personnel), field office and home office overhead, profit, tools, insurance and bonding, and all other costs or expenses associated with completing the change in the Work. No other costs or expenses, including, but not limited to, direct daily job costs, general conditions, and/or extended overhead will be paid for time extensions incorporated into a Change Order unless otherwise agreed to in writing by the Owner.

<u>Change Order Item Amount (Prior to Mark-Up)</u>	<u>Mark-Up</u>
Portion from \$0 to \$50,000	15%
Portion over \$50,000	10%

- 2.7.7 Execution of a Change Order shall be considered complete and final adjustment of the Contract Sum and the Contract Time and represents complete and final resolution of all matters related to, or arising out of, the Change Order. The CMAR may not reserve the right to make further claims with regard to any executed Change Order. Any attempt by the CMAR to reserve such a right shall be considered invalid and unenforceable.
- 2.7.8 All requests for changes in the Work shall be submitted to the Owner and the Architect in sufficient detail to allow a complete analysis of all proposed costs. The CMAR shall, upon request by the Owner or the Architect, submit invoices for materials and equipment utilized in Change Order work. Labor rates, including fringe benefits, shall be in conformance with the applicable prevailing wage rates for this Project.
- 2.7.9 The CMAR shall, upon request by the Owner or the Architect, submit detailed rationale and justification for labor rates utilized in Change Order work.
- 2.7.10 The CMAR will not be entitled to a Change Order for any work that reasonably could have or should have been identified as necessary during the CMAR's participation in the design review process as defined in the Owner-CMAR Pre-Construction Agreement.
- 2.7.11 The CMAR and the Owner mutually agree that the Owner shall have the right to issue one or more Change Orders at or near the end of the Project, requiring work to be performed after the expiration of the Contract Time, without negating or affecting the Owner's right to assess any liquidated damages that the Owner may be entitled to. The scope of such Change Orders shall be limited to work that is deemed by the Owner to be incidental in nature and necessary to allow for proper completion of the Project.

## 2.8 CONSTRUCTION CHANGE DIRECTIVES

- 2.8.1 A Construction Change Directive is a written directive to the CMAR, signed by the Owner and the Architect, which shall serve as formal and binding direction for the CMAR to proceed with a defined change in the Work. The directive may be implemented when deemed necessary as an interim action until a Change Order can be formally assessed and executed. Upon receipt of a Construction Change Directive, the CMAR shall promptly proceed with the directed changes.
- 2.8.2 The Owner, without invalidating the Contract, may order changes in the Work utilizing a Construction Change Directive with the Contract Sum and/or the Contract Time being adjusted as deemed appropriate. The CMAR shall comply with the provisions of Paragraph 2.7.4 in the event that the CMAR believes that a Construction Change Directive has a potential impact on the Contract Time or the Contract Sum.

## 2.9 CMAR'S USE OF CONTRACT DOCUMENTS

- 2.9.1 Copies of the Contract Documents which are reasonably necessary for the proper execution, progress, and satisfactory completion of the Work shall be provided to the CMAR by the Owner. Copies so furnished are not to be used by the CMAR on any other project, and with the exception of one set for the CMAR's records, are to be returned to the Owner at the completion or termination of the Work.

## **SECTION 3 THE CONTRACT**

### **3.1 GENERAL**

- 3.1.1 The Contract Documents form the Contract for construction. The Contract represents the entire and integrated agreement between the Owner and the CMAR and supersedes all prior negotiations, representations or agreements, either written or oral.
- 3.1.2 The Contract shall not be binding on either the Owner or the CMAR until the Owner-CMAR Construction Agreement and the Performance and Payment Bonds have been properly executed and submitted, and the Owner-CMAR Construction Agreement has been approved and signed by the Attorney General of the State of Nevada, or by the Attorney General's designated representative.
- 3.1.3 Execution of the Owner-CMAR Construction Agreement shall constitute the CMAR's representation that he has carefully examined the contents of all Contract Documents, that he has read and understands the same, and specifically agrees to be bound thereby. Additionally, execution of the Owner-CMAR Construction Agreement by the CMAR shall represent that he has inspected the site, familiarized himself with all local conditions, laws, and regulations under which the Work is to be performed and has correlated this knowledge with the requirements of the Contract Documents.
- 3.1.4 The Contract Documents shall not be construed to create a contractual relationship of any kind between the Architect and the CMAR; between the Owner and a Subcontractor; or, between any persons or entities other than the Owner and the CMAR. The Architect shall, however, have authority to act on behalf of the Owner, to the extent provided in the Contract Documents.
- 3.1.5 The laws of the State of Nevada and the applicable rules and regulations of its departments, agencies, and institutions shall govern the Project and the Work. Each and every provision of law and clause required by law to be inserted in the Contract shall be deemed to be inserted therein, and the Contract shall be read and enforced as though such provision were included therein, and if through mistake or otherwise, any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract shall be physically amended to make such insertion or correction.
- 3.1.6 The Contract Sum is the sum stated in the Owner-CMAR Construction Agreement and is the total dollar amount payable by the Owner to the CMAR for the complete and approved performance of the Work in strict conformance with the Contract Documents. The Owner's Contingency belongs solely to the Owner for the purpose of being allocated towards stipulated additional work.

### **3.2 CONTRACT TIME**

- 3.2.1 The Contract Time is the period of time, in calendar days, allotted in the Contract Documents for the completion of the Work. A Calendar Day shall be understood to be any day of the year, including weekends and holidays.
- 3.2.2 The date of commencement of the Work is the date established in the Notice to Proceed letter issued by the Owner.
- 3.2.3 The CMAR shall begin the Work on the starting date established in the Notice to Proceed letter. He shall perform the Work expeditiously with adequate forces and shall complete the Work within the Contract Time.
- 3.2.4 Unless otherwise agreed upon, normal working days are considered to be Monday through Friday, excluding State holidays, between the hours of 6:00 a.m. and 4:00 p.m. If the CMAR desires to work on any weekend day, State holiday, or during any other hours of the day he shall request and obtain the Owner's written approval at least 5 days in advance of the requested deviation.

- 3.2.5 It is expressly understood and agreed that the Contract Time is a reasonable and acceptable time for completion of the Work considering the requirements of the Contract Documents, the type and scope of the Project, and the usual industrial and labor conditions prevailing in the locality of the Project.
- 3.2.6 It is expressly understood and agreed that the Contract Time includes adequate time to allow for usual weather delays considering the climatic conditions in the area of the Project. No adjustments to the Contract Time will be allowed on the account of usual weather. The CMAR shall include adequate float or other allowance in his construction schedule to accommodate weather conditions that may be associated with weather dependent work. An extension to the Contract Time will be considered only in a case where an abnormal or unusual weather delay has directly affected the critical path identified in the approved construction schedule.
- 3.2.7 The Contract Sum is based on the Contract Time specified in the Owner-CMAR Construction Agreement and shall not be based on an early completion schedule. No additional compensation shall be granted to the CMAR for delays to an early completion schedule and any such claim is hereby waived.

### 3.3 CONTRACT TIME EXTENSIONS

- 3.3.1 An extension in the Contract Time for a delay will be allowed only in the case that a full normal working day is lost. Delays will not be allowed for lost partial days or for lost non-working days.
- 3.3.2 All requests by the CMAR for extensions of the Contract Time due to delays to the Work shall be made in writing to the Owner and the Architect within 7 calendar days after the start of the delay. Each request shall describe in detail the event or events causing the delay, any related causes, and any impact to the Work. Failure to submit such requests within the stipulated time and with the information required by this paragraph shall constitute a waiver by the CMAR of his right to an extension of the Contract Time based upon this event or issue.
- 3.3.3 If the CMAR is delayed at any time in the progress of the Work by any act or neglect of the Owner or the Architect, or by any employee of either, by any separate contractor employed by the Owner, or by circumstances that are agreed to be beyond the control and without the fault of the CMAR and his Subcontractors and suppliers, the Contract Time may be extended by Change Order for such reasonable time as the Owner may determine.
- 3.3.4 The CMAR shall not claim or be entitled to any compensation or damages from the Owner because of delay caused by persons other than the Owner, or the Owner's agents and employees, and any entitlement thereto is hereby waived. The CMAR agrees that his sole remedy in the event of a delay caused directly by the Owner, or by the Owner's agents and employees, shall be an extension of Contract Time, except where the delay unreasonably interferes with the CMAR's ability to complete the Work within the Contract Time, and:
- A. Is so unreasonable in length as to amount to an abandonment of the Work, or
  - B. Is caused by fraud, misrepresentation, concealment, or other bad faith by the Owner, or
  - C. Is caused by active interference by the Owner, or
  - D. Is caused by a decision made by the Owner to add significant scope or duration to the Work.

The CMAR must submit any request for an extension of Contract Time in strict conformance with Subsection 3.3.2.

- 3.3.5 Should the CMAR request and be allowed cumulative time extensions which cause the Contract Time to end on a non-working day (on a weekend day or a holiday), the non-working day(s) may, at the Owner's discretion, be added to the Contract Time such that the Contract Time ends on a working day.
- 3.3.6 Extensions to the Contract Time will only be allowed for delays that affect the critical path for completion of the entire Work as identified in the approved construction schedule.

3.3.7 Extensions to the Contract Time will not be allowed for delays which could have been avoided by the exercise of care, prudence, foresight, and/or diligence by the CMAR, or for delays resulting from correction of work rejected as defective or as failing to conform to the Contract Documents.

### 3.4 SUBSTANTIAL COMPLETION

3.4.1 Substantial Completion is the stage in the progress of the Work, or a designated portion thereof, when construction is sufficiently complete in accordance with the Contract Documents, so that the Owner can occupy and/or utilize the Work (or portion thereof) for its intended use. The Work will not be considered substantially complete if any of the following conditions exist:

- A. Any of the Work is incomplete or defective (including work identified in the final punch list) which, in the opinion of the Owner, would prevent or interfere with occupancy and/or full use of the facility.
- B. The Project's mechanical systems have not been tested, balanced, and accepted as being fully complete (including commissioning when applicable).
- C. The Project's electrical and life safety systems have not been tested and accepted as being fully complete (including commissioning when applicable).
- D. A Certificate of Occupancy has not been issued by the Building Official (either a Temporary/Conditional or a Final/Unconditional Certificate of Occupancy).
- E. Final clean-up is not complete.

3.4.2 The following procedure shall be used in establishing Substantial Completion of the Work, unless otherwise agreed to in writing:

- A. When the CMAR determines that the Work, or a portion thereof, which the Owner agrees to accept separately, is substantially complete, the CMAR shall submit written notice thereof to the Owner and the Architect, and shall include a punch list of all items which remain to be completed or corrected. Failure to include any items on the list does not alter the CMAR's responsibility to complete all of the Work in accordance with the Contract Documents.
- B. Inspections for Substantial Completion may be requested by the CMAR only after the status of completion has been reviewed and assessed by the Owner and the Architect. Upon such review the Owner and/or the Architect will issue a list of any observed deficiencies that affect the issuance of a Certificate of Substantial Completion.
- C. If the Owner and the Architect, on the basis of an on-site inspection, agree that the Work is substantially complete, the Architect may provide the CMAR with a list of additional corrective items which shall be added to the CMAR's and the State Inspector's punch lists.
- D. If the Owner and the Architect, on the basis of an on-site inspection, determine that the Work is not substantially complete, the Architect will notify the CMAR in writing, and will provide a list of observed deficiencies. The CMAR shall remedy the deficiencies and submit another written request for Substantial Completion.
- E. When the Owner and the Architect determine that the Work is substantially complete, the Owner will prepare a Certificate of Substantial Completion, which shall establish the date of Substantial Completion, state the responsibilities of the Owner and the CMAR for maintenance, heat, utilities, and insurance, and fix the time within which the CMAR shall complete the punch list items that are attached to the Certificate of Substantial Completion.
- F. The Certificate of Substantial Completion, when signed by the Owner and the CMAR, shall serve to document the CMAR's acceptance of the responsibilities assigned to him in such Certificate.

3.4.3 No payment, nor any use or occupancy of the Project, or any portion thereof, by the Owner, shall constitute acceptance of any work that is not completed in accordance with the Contract Documents, nor shall it relieve the CMAR of full responsibility for correcting defective work or materials found at any time prior to completion of the entire Project or during the warranty period.

### 3.5 FINAL COMPLETION

3.5.1 When the CMAR considers the Work fully completed, he shall submit written notice to the Owner and the Architect confirming all of the following:

- A. The Work has been fully completed in accordance with the Contract Documents and is ready for final inspection.
- B. All punch list items have been corrected or completed.
- C. All equipment and systems have been tested, adjusted, and balanced and are fully operational.
- D. All training required by the Contract Documents has been provided.
- E. All operation and maintenance manuals and as-built drawings have been submitted to the Architect in accordance with the Contract Documents and have been accepted as being complete.
- F. All surety releases required by the Contract Documents have been submitted to the Owner.

3.5.2 The Architect and Owner will perform a final inspection of the Work. If the Work is found to be incomplete or defective, the CMAR will be notified in writing and provided with a list of observed deficiencies. The Owner may withhold such payment as deemed appropriate to ensure the correction of the deficiencies. Should the CMAR fail to promptly correct the deficiencies noted in the final punch list, the Owner may, upon 7 day written notice to the CMAR, hire another contractor to correct such deficiencies, notify the CMAR's Surety, and/or otherwise complete or correct the listed deficiencies, at the CMAR's expense.

3.5.3 When the Work and all requirements of the Contract Documents are fully and satisfactorily completed, the Owner will pay to the CMAR a final payment consisting of the remaining unpaid balance of the Contract Sum due the CMAR. The acceptance of the final payment by the CMAR shall constitute a full and final release and waiver of all CMAR claims and rights of claim against the Owner relating or pertaining to the Work.

### 3.6 WARRANTY REQUIREMENTS

3.6.1 The CMAR and his Surety shall unconditionally guarantee all workmanship and materials incorporated in the Work to be and remain free of defects for a period of one year from the date of the Certificate of Substantial Completion, or for such longer periods as stipulated in the Contract Documents.

3.6.2 When the Work, or a portion thereof, is accepted as being substantially complete, the warranty period will commence on the date of the Certificate of Substantial Completion for the completed portion of the Work.

3.6.3 The CMAR shall perform all service and maintenance on any equipment that is operated prior to the date of the Certificate of Substantial Completion. Such service and maintenance shall be performed in accordance with the equipment manufacturer's written instructions, and as required to maintain the equipment warranty.

3.6.4 Within the one year warranty period, and for such longer periods as specified in the Contract Documents, the CMAR and/or his Surety shall promptly remedy any defects in the Work, and pay for any damage to other work resulting therefrom. The Owner or the Using Agency shall promptly notify the CMAR in writing of any observed defects. The CMAR shall ensure that the corrective work is commenced within 7 days of such notice and completed in an expeditious and timely manner.

- 3.6.5 The obligations of the CMAR herein shall be in addition to and not in limitation of any obligation imposed by law.
- 3.6.6 Prior to the end of the one year warranty period (approximately 11 months after the date of the Certificate of Substantial Completion, on a date scheduled by the Owner) the CMAR and all requested Subcontractors shall attend a warranty inspection. The CMAR shall take immediate action to remedy, at no cost to the Owner, all warranty items identified during the warranty inspection.
- 3.7 LIQUIDATED DAMAGES
- 3.7.1 It is hereby mutually understood and agreed, by and between the CMAR and the Owner, that the Contract Time, as specified in the Contract, is an essential condition of the Contract. It is further mutually understood and agreed that both the Work and the Contract Time shall commence on the starting date established in the Notice to Proceed letter.
- 3.7.2 The CMAR agrees that all of the Work shall be prosecuted regularly, diligently, and without interruption at a rate of progress that will ensure completion of the Work within the Contract Time.
- 3.7.3 If the CMAR shall neglect, fail, or refuse to achieve Substantial Completion of the Work within the Contract Time, then the CMAR and his Surety do hereby agree, as part of the consideration for the Contract, to pay to the Owner, not as a penalty, but as liquidated damages, the amount of money specified in the Owner-CMAR Construction Agreement for each and every excess calendar day that is required to achieve Substantial Completion of the Work. The specified liquidated damages shall be the Owner's sole and exclusive remedy for excess calendar days. The CMAR agrees to and hereby waives any defense as to the validity or enforceability of any liquidated damages payable by the CMAR under the Contract on the grounds that such damages are a penalty or that such damages are disproportionate to the actual damages sustained by the Owner.
- 3.7.4 The CMAR and the Owner mutually agree that in the event of a delay the actual damages to be suffered by the Owner are difficult to determine and accurately quantify. Accordingly, the CMAR, his Surety, and the Owner agree that the amount specified in the Owner-CMAR Construction Agreement for liquidated damages is the appropriate and best estimate of the damages that would actually be incurred by the Owner should the Work not be completed within the Contract Time.
- 3.7.5 Should the remaining balance of the Contract Sum be insufficient to cover the specified liquidated damages due the Owner, then the Owner shall have the right to recover such damages from the CMAR and/or his Surety.
- 3.7.6 Liquidated damages shall cease to be assessed on the date that Substantial Completion is achieved provided the CMAR completes all punch list work within the time limit stipulated in the Certificate of Substantial Completion. If the CMAR does not complete all of the punch list work within the time limit stipulated in the Certificate of Substantial Completion, the assessment of liquidated damages shall resume on the date that the stipulated time limit expires and shall continue until all such punch list work is completed.
- 3.8 CLAIMS FOR DAMAGES
- 3.8.1 Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the other party or of any of his employees, agents, or others for whose acts he is legally liable, claim shall be made in writing to such other party within 7 days after the first knowledge of such injury or damage.
- 3.8.2 Any costs to the Owner caused by defective or ill-timed work performed by the CMAR shall be paid by the CMAR.

- 3.8.3 Except for damages mutually agreed upon by the Owner and the CMAR as liquidated damages in accordance with Section 3.7 and excluding losses covered by insurance that is required by the Contract; the Owner and the CMAR agree to mutually waive all claims against each other for any consequential damages suffered or incurred by the other party that arise from or relate to the Contract, including, without limitation, rental expenses or other damages resulting from a loss of use or availability of the Work, lost income, lost profit, lost financing or opportunity, lost business or reputation, principle office expenses, and loss of management or employee availability, productivity, opportunity, or services.
- 3.8.4 The provisions of this Section (3.8) shall also apply to termination of the Contract and shall survive such termination. The CMAR shall require similar waivers in all contracts with his Subcontractors and others retained on the Project.
- 3.9 DISPUTE RESOLUTION
- 3.9.1 Except as provided in Subsection 3.9.1(A) any controversy or claim arising out of or related to the Contract Documents or the Work shall be subject to all provisions of this Section 3.9 (Dispute Resolution) as a condition precedent to the institution of legal or equitable proceedings by either party.
- A. The provisions of Subsections 3.9.1 through 3.9.7 do not apply if the Owner has given notice to the Surety under Section 3(A) of the Performance Bond. If the Owner discovers construction defects after the warranty period has expired, the Owner has the right to file an immediate judicial action pursuant to Subsection 3.9.8. When the CMAR accepts final payment pursuant to Section 7.3 he waives all rights under this Section (3.9), including the filing of judicial action.
- 3.9.2 Unless otherwise agreed to in writing, the CMAR shall continue the Work and maintain the construction schedule of the Work during any dispute resolution proceedings. If the CMAR continues to perform in accordance with the Contract Documents, the Owner shall continue to make payments in accordance with the Contract Documents.
- 3.9.3 In the event that a claim, dispute, or controversy arises between the parties which is related to the Contract Documents or the Work, the party asserting the claim, dispute, or controversy must provide written notice (Notice of Dispute) to the other party within 30 days of its occurrence. The written notice shall set forth with specificity the nature of the claim or controversy, the relief sought, any other pertinent matters relating thereto, and shall comply with Section 1.8 (Written Notice) of these General Conditions. Notice from the CMAR to the Owner shall be addressed to the State Public Works Division Administrator (“Administrator”). Failure of either party to provide proper notice as required herein shall forever bar that party from any remedy thereon, including seeking any dispute resolution and/or judicial action. The notice and time requirements set forth herein shall not apply to warranty claims or construction defect claims that the Owner may have against the CMAR.
- 3.9.4 Upon receipt of a Notice of Dispute, the Administrator shall within 5 business days direct the State Public Works Project Manager and the State Public Works Division Deputy Administrator of Professional Services to engage in good faith direct negotiations with the CMAR’s principal field personnel, including but not limited to the CMAR’s Superintendent and Project Manager. If the Owner initiates the Notice of Dispute, the direct discussions must take place within 5 days of the date of the Notice of Dispute. If the Owner and CMAR representatives are not able to reach a resolution, the Administrator shall immediately inform the CMAR’s Principal in writing that resolution was not achieved and arrange for a meeting with the CMAR’s Principal. Upon receipt of such notice, the CMAR’s Principal must meet with the Administrator within 5 business days, or as otherwise agreed to, and engage in good faith negotiations in an effort to reach a resolution.

- 3.9.5 If the dispute remains unresolved after 30 days from the date of the initial meeting between the CMAR's Principal and the Administrator, the dispute must be submitted to the Board of Appeals for review (submitted by either the CMAR or the Administrator as described in Subsection 3.9.6).
- 3.9.6 Within 35 days of the initial meeting with the Administrator pursuant to Subsection 3.9.4, the CMAR may file a written notice with the Board requesting that the Board of Appeals review the dispute (Request for Board of Appeals Review). The Request for Board of Appeals Review must set forth the basis for the request and may be accompanied by copies of supporting documents. A Request for Board of Appeals Review submitted by the CMAR must be addressed to the Administrator who shall immediately forward the request to the State Public Works Board Chairman ("Chairman"). In the event that the CMAR does not file the request, the Administrator must do so within 40 days of the initial meeting (should the dispute remain unresolved at that time). A Request for Board of Appeals Review from the Administrator must be addressed to the Chairman with a copy to the CMAR. The hearing before the Board of Appeals shall be conducted in accordance with Subsection 3.9.10. If the CMAR refuses to participate or follow the procedures stipulated in Subsection 3.9.10, he waives his rights to pursue dispute resolution and/or judicial action.
- 3.9.7 The CMAR must, within 30 days from the date of the Board of Appeals' written decision, demand formal mediation if he has not previously assented to be bound by the Board of Appeals' decision. The parties shall endeavor to resolve the matter by formal mediation through the current Construction Industry Mediation Rules of the American Arbitration Association, or the parties may mutually agree to select another set of mediation rules. The administration of formal mediation shall be as mutually agreed by the parties. The formal mediation shall be convened within 30 business days of the demand for formal mediation. Agreements reached in formal mediation shall be enforceable as settlement agreements in any court of competent jurisdiction. In the event that the CMAR does not make a timely demand for formal mediation the Board of Appeals' decision becomes binding and enforceable as a settlement agreement in any court of competent jurisdiction. The fees and expenses of the formal mediation shall be shared equally by all parties. Each party shall be responsible for their own costs, expenses, consultant fees, and attorney fees incurred in the presentation or defense of any claim, dispute, or controversy that is brought before the mediator.
- 3.9.8 If the matter is unresolved after submission of the matter to formal mediation, the parties may file a lawsuit in a court of competent jurisdiction. Nothing in these Contract Documents is intended to prevent the parties to a judicial action from agreeing to a form of alternative dispute resolution pursuant to Nevada Revised Statutes Section 38.250, or as otherwise agreed between the parties and the Judge.
- A. Any judgment shall include an award of reasonable attorney fees and costs to the prevailing party.
  - B. The venue shall be either the location of the Project or Carson City.
  - C. These Contract Documents shall be governed by the laws of the State of Nevada.
- 3.9.9 All parties necessary to resolve a matter shall be parties to the same dispute resolution procedure. Appropriate provisions shall be included in all subcontracts relating to the Work to provide for the joinder or consolidation of all dispute resolution procedures.
- 3.9.10 Any Request for Board of Appeals Review shall adhere to the following procedures:
- A. The Board must appoint a subcommittee ("Board of Appeals") consisting of three members to review any dispute that has not been resolved pursuant to Subsection 3.9.5.

- B. A Request for Board of Appeals Review shall comply with all provisions stipulated in Subsections 3.9.5 and 3.9.6. A Request for Board of Appeals Review issued by the CMAR shall clearly indicate whether the CMAR agrees that the Board of Appeals' decision shall be binding. The Chairman may at his discretion determine whether the matter is appropriate for review before the subcommittee or before the full State Public Works Board.
- C. The Board of Appeals shall:
1. Conduct a public hearing within 45 days after the Request for Board of Appeals Review is received by the Board, unless the parties by written stipulation agree to extend the time;
  2. Provide notice of the time and place of the public hearing to the person that requested the review; and
  3. Select from among its members a Chairman. In the event that the full Board hears the review, the Chairman of the Board shall act as the Board of Appeals Chairman.
- D. The Board of Appeals Chairman may:
1. Compel the parties to the dispute to enter into negotiations for a settlement;
  2. Mediate between the parties to the dispute; and/or
  3. Order the parties to the dispute to provide discovery.
- E. Each party shall, within 5 business days before the hearing, provide to the Board of Appeals and each opposing party a pre-hearing statement. The statement must:
1. Set forth the facts and legal issues concerning the dispute, including the requested relief.
  2. Include a list of any witnesses the party intends to call during the hearing. The list must include the name, address, and telephone number of each witness, if known, and a brief statement concerning the proposed testimony of the witness.
  3. Except as otherwise provided in this paragraph, include a copy of any documents intended to be introduced into evidence at the hearing. The statement provided to the Board of Appeals must include at least five copies of any submitted documents.
- F. Upon commencement of the public hearing, the person who filed the Request for Board of Appeals Review must be the first to present evidence.
- G. In conducting the hearing, the Board of Appeals is not bound by any technical rules of evidence.
- H. The parties may agree to stipulate to the facts presented to the Board of Appeals.
- I. If the CMAR fails to appear at a hearing conducted pursuant to this Subsection 3.9.10 and was not granted a continuance, or did not enter into a stipulation for a continuance, the Board of Appeals may hear evidence from those parties present at the hearing and may make a decision based upon the available record. The failure of the CMAR to attend the hearing shall constitute non-compliance with Section 3.9 of the General Conditions and shall constitute a waiver of the CMAR's right to pursue any further remedies; including but not limited to, binding arbitration, formal mediation, and/or judicial action.
- J. The Board of Appeals shall, by majority vote, determine whether evidence is admissible during a hearing conducted pursuant to this Subsection 3.9.10.
- K. The Board of Appeals must issue its written decision within 30 days after the hearing. The written decision must be sent by certified mail. The Board of Appeals must also announce its decision at its next regularly scheduled public meeting. The decision need not be issued at the Request for Board of Appeals review hearing.

- L. In the event that the CMAR indicated his assent at the outset that the decision of the Board of Appeals would be binding, the Board of Appeals' decision shall be deemed a final settlement agreement enforceable in any court of competent jurisdiction.
- M. In the event that the CMAR indicated that the Board of Appeals' decision was non-binding the parties shall within 30 days:
  - 1. Enter into a final settlement agreement based upon the terms of the Board of Appeals decision, or as otherwise agreed; or
  - 2. The CMAR may:
    - a. Pursue formal mediation pursuant to Subsection 3.9.7.
    - b. For disputes involving \$50,000 or less initiate binding arbitration.
- N. In the event that the CMAR does not initiate binding arbitration or formal mediation within 30 days of the Board of Appeals' written decision; the Board of Appeals' decision becomes a binding agreement enforceable in any court of competent jurisdiction. Further, by failing to give timely notice, the CMAR waives all applicable rights to pursue formal mediation, binding arbitration, and/or judicial action.
- O. Each party shall bear their own costs associated with the Request for Board of Appeals Review.
- P. Construction Law Counsel shall assist the Administrator and staff in their presentation before the Board of Appeals. A Deputy Attorney General shall act as counsel for the Board of Appeals, advise them throughout the hearing, and if requested during their deliberations. The CMAR may represent himself or be represented by counsel.

3.10 TERMINATION BY THE CMAR

- 3.10.1 The CMAR may, upon 7 days written notice, terminate the Contract after the Work is stopped for a period of 60 consecutive days through no act or fault of the CMAR, of a Subcontractor, or their employees or agents; or due to issuance of a court order or other order from a public authority having jurisdiction.
- 3.10.2 If the CMAR terminates the Contract under the terms of the previous paragraph, he may recover from the Owner payment for work completed and approved, including reasonable overhead, profit, and termination costs. The CMAR will not be entitled to overhead and profit on any unperformed work.

3.11 TERMINATION BY THE OWNER

- 3.11.1 If any one of the following occurs, then the Owner may, without prejudice to any other right or remedy, and after giving the CMAR and his Surety 7 days written notice, terminate the employment of the CMAR.
  - A. The CMAR is adjudged bankrupt.
  - B. The CMAR makes a general assignment for the benefit of his creditors.
  - C. A receiver is appointed on account of the CMAR's insolvency.
  - D. The CMAR persistently or repeatedly refuses or fails to supply an adequate number of properly skilled workmen, proper supervision, or proper materials.
  - E. The CMAR fails to make prompt payment to Subcontractors or to materials suppliers for materials or labor.
  - F. The CMAR disregards any law, ordinance, rule, regulation, or order of any public authority having jurisdiction.
  - G. The CMAR otherwise breaches the Contract.

- 3.11.2 Upon termination by the Owner, the Owner may take possession of the site and of all materials, equipment, tools, and machinery thereon owned by the CMAR and may finish the Work utilizing whatever means and methods the Owner deems appropriate.
- A. Should the Owner terminate the Contract for any of the aforementioned reasons, the CMAR shall not be entitled to receive any further payment until the entire Work is fully complete and the actual amount due the CMAR can be properly determined.
- B. If the unpaid balance of the Contract Sum exceeds the costs of finishing the Work, including compensation for any additional professional services, such excess shall be paid to the CMAR. If such costs exceed the unpaid balance, the CMAR or his Surety shall promptly pay the difference to the Owner.
- 3.11.3 The Owner expressly reserves the right to terminate the Contract at any time due to a national emergency, court injunction, or for any reason determined to be in the best interest of the State of Nevada, by giving the CMAR and his Surety 7 days written notice. - 3.12.2 The CMAR shall afford the Owner's separate contractors reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their work, and shall properly interface and coordinate his work with theirs.
- 3.12.3 If any part of the CMAR's work depends on the proper execution of the work of any separate contractor, the CMAR shall inspect and promptly report to the Owner and the Architect in writing any discrepancies or defects in such other work. Failure of the CMAR to so inspect and report shall constitute an acceptance of the separate contractor's work as fit and proper to receive his work, except as to defects which may develop in the other separate contractor's work after the execution of the CMAR's work.
- 3.12.4 The CMAR shall do all cutting, fitting, and patching of the Work that may be required to accommodate and incorporate the work of any separate contractor, as shown upon or as reasonably implied by the Contract Documents. The CMAR shall not endanger or alter the work of any separate contractor.
- 3.12.5 Should the CMAR cause damage to the work or property of any separate contractor on the Project, the CMAR shall, upon written notice, settle with the separate contractor. If any separate contractor asserts any claim against the Owner on account of any damage alleged to have been sustained, the Owner shall notify the CMAR, who shall indemnify, hold harmless, and defend the Owner against any such claim.
- 3.12.6 If a dispute arises between the CMAR and a separate contractor as to their responsibility for any costs or damages to the Project, the Owner may assign and charge such costs or damages to the CMAR and/or the separate contractor as the Owner, in his sole discretion, determines to be appropriate.
- 3.13 ASSIGNMENT
- 3.13.1 The CMAR binds himself and each of his partners, successors, assigns and legal representatives to the Owner and to the Owner's partners, successors, assigns and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents. He shall not assign or sublet the Contract, in whole or in part, without the written consent of the Owner, nor shall the CMAR assign any monies due or to become due to him hereunder, without the prior written consent of the Owner.

3.14 SEVERABILITY

3.14.1 The Contract and the various provisions thereof are severable. Should any part, clause, provisions or terms be declared invalid, ineffective, or unenforceable, the remaining provisions of the Contract shall remain in full legal force and effect.

3.15 INDEMNIFICATION

3.15.1 To the fullest extent permitted by law, the CMAR shall defend, indemnify, and hold harmless the Owner, the Architect, the Architect's consultants, and the agents and employees of any of them from and against all claims, damages, losses, and expenses, including, but not limited to attorneys' fees arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself) caused by the negligent acts or omissions of the CMAR, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this paragraph.

3.15.2 The Owner and the CMAR shall each indemnify the other for any losses principally caused by the indemnifying party.

3.15.3 In any and all claims against the Owner or the Architect or any of their officers, agents, or employees by any employee of the CMAR, any Subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the CMAR or any Subcontractor under workers compensation acts, disability benefit acts, or other employee benefit acts.

3.15.4 Obligations of the CMAR hereunder shall not extend to the liability of the Architect, his agents or employees arising out of the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs or specifications; or the giving of or the failure to give directions or instructions by the Architect, his agents or employees, provided such giving or failure to give is the primary cause of the injury or damage.

3.15.5 Obligations of the CMAR hereunder shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist pertaining to a party or person described herein. This indemnification obligation shall not be diminished or limited in any way by the limits of insurance required in this Contract or otherwise available to the CMAR or Subcontractors.

3.15.6 All indemnification obligations of the CMAR shall survive final payment.

3.16 COMPLIANCE WITH NRS SECTION 338.0117

3.16.1 The provisions of this Section (3.16) only apply if the CMAR received the 5% preference in the award of the Contract.

3.16.2 CMAR shall comply with all of the requirements listed herein for the duration of the Project as attested to by the CMAR in his 'Affidavit of Compliance'. The CMAR shall submit a report substantiating his successful compliance with each listed requirement prior to submitting his final progress payment application.

A. At least 50% of all workers collectively employed by the CMAR, including any of those workers employed by his Subcontractors, will hold a valid driver's license or identification card issued by the Nevada Department of Motor Vehicles; and

- B. All vehicles used primarily for the Project will be registered and partially apportioned to Nevada pursuant to the International Registration Plan, as adopted by the Department of Motor Vehicles pursuant to Nevada Revised Statutes Section 706.826; or will be registered in the State of Nevada; and
  - C. The CMAR and all of his subcontractors will maintain and make available for inspection within this State all payroll records relating to this Project.
- 3.16.3 In the event that the CMAR cannot meet the requirements of Subsection 3.16.2(D); the CMAR must provide Written Notice to the Owner within 7 days of the CMAR's discovery of that fact and include a detailed explanation of why the requirements of Subsection 3.16.2(D) cannot be met.
- 3.16.4 If the CMAR causes a material breach of the Contract as a result of a failure to comply with the requirements of Subsection 3.16.2 the CMAR is liable to the Owner for a penalty in the amount of 1% of the Contract Sum.
- 3.16.5 All contracts between the CMAR and a subcontractor or supplier and each contract between a subcontractor and a sub-subcontractor or supplier must provide that:
- A. If a party to a contract causes a material breach of the Contract between the CMAR and the Owner as a result of a failure to comply with the requirements of Subsection 3.16.2, the party is liable to the Owner for a penalty in the amount of 1% of the cost of the largest contract to which he or she is a party; and
  - B. The right to recover the amount determined pursuant to Subsection 3.16.5(A) by the Owner may be enforced by the Owner directly against the party that causes the material breach; and
  - C. No other party is liable to the Owner for a penalty as set forth in this Section (Section 3.16).

This list shall include at minimum the contact information for the subcontractor, the associated trade, any exclusions, any stipulations, and the bid amount.
- F. The CMAR shall demonstrate to the satisfaction of the Owner that he has adequate previous experience on any work that he intends to self-perform and shall also provide evidence that his proposed cost for such work is lower than the other bids received for that work.

### 3.17.2 CMAR Pre-Qualification of Subcontractors

- A. The CMAR shall pre-qualify all subcontractors whose scope of work is 1% or more of the total estimated cost of construction or \$50,000, whichever is greater, in compliance with all requirements of Nevada Revised Statutes Sections 338.16991 and 338.16995, Nevada Administrative Code Chapter 338, and with all provisions of General Conditions Section 3.17. ## **SECTION 4 THE OWNER**

### **4.1 OWNER'S RESPONSIBILITIES**

- 4.1.1 The Owner will provide general administration of the Contract, including performance of the functions described in this Section (Section 4). Such general administration shall not relieve the CMAR of complete responsibility for the means and methods of construction and performance of the Work in accordance with the Contract Documents.
- 4.1.2 The Owner shall furnish site surveys describing the topography and physical characteristics, legal limits, and utility locations for the Project site.
- 4.1.3 Except for permits and fees which are the responsibility of the CMAR under the Contract Documents, the Owner shall secure and pay for easements and utility connection fees for permanent structures or for permanent changes in existing facilities.
- 4.1.4 Information or services under the Owner's control shall be furnished by the Owner within a reasonable time to avoid delays in the orderly progress of the Work.
- 4.1.5 Prior to the start of construction, the Owner shall obtain all land and rights-of-way necessary for the carrying out and completion of the Work.
- 4.1.6 In case of termination of the employment of the Architect, the Owner shall appoint a replacement whose status under the Contract Documents shall be that of the former Architect.
- 4.1.7 The Owner will issue the Notice to Proceed and Certificate of Substantial Completion.
- 4.1.8 The foregoing are in addition to other duties, responsibilities, and rights of the Owner enumerated throughout the Contract Documents.

### **4.2 OWNER'S AUTHORITY**

- 4.2.1 The Owner and his representatives shall have access to the Work at all times. The CMAR shall provide proper equipment and facilities for such access and inspection. If any work is required to be tested or approved, the CMAR shall give the Owner timely notice of its readiness for inspection. Neither the observations of the Owner or the Architect in the general administration of the Contract, nor any inspections, tests, or approvals shall relieve the CMAR from his obligation to perform the Work in accordance with the Contract Documents.
- 4.2.2 Should the Owner or the Architect determine that the CMAR has proceeded with work that does not comply with the Contract Documents, the CMAR shall be required to correct such work at the CMAR's own expense.
- 4.2.3 The Owner will not be responsible for the acts or omissions of the CMAR or any Subcontractor, or any of their agents or employees, or any other persons performing any of the Work.
- 4.2.4 If the CMAR defaults or neglects to carry out the Work in accordance with the Contract Documents or fails to perform any provision of the Contract, the Owner may, after 7 days written notice to the CMAR, and without prejudice to any other remedy he may have, make good such deficiencies. In such case, an appropriate Change Order shall be issued deducting from the payments then or thereafter due the CMAR the cost of correcting such deficiencies, including the cost of the additional professional services made necessary by such default, neglect, or failure. If the payments then or thereafter due the CMAR are not sufficient to cover such amount, the CMAR shall immediately pay the difference to the Owner.
- 4.2.5 If the CMAR fails to carry out the Work in accordance with the Contract Documents or fails to correct work which is not in accordance with the Contract Documents, the Owner, by written notice, may order the CMAR to stop the Work, or any portion thereof, until the cause for such order has been eliminated. The CMAR shall not be entitled to any compensation or to any additional time for such work stoppage.

#### 4.3 INSPECTION BY THE OWNER

- 4.3.1 The State Public Works Division's Inspector has authority to enforce compliance with the Contract Documents and to direct the CMAR to correct non-complying work. The Architect will render interpretations of the Drawings and Specifications as may be necessary to assist the Inspector with proper assessment of non-complying work.
- 4.3.2 The State Public Works Division's Inspector may direct the CMAR to stop any unsafe work, any non-complying work, and/or any work that presents a life-safety concern. The CMAR shall not be entitled to any compensation or to any additional time for such work stoppage.
- 4.3.3 Once the CMAR is advised of non-complying work, proceeding with that work or with any related work shall be at the CMAR's risk and at the CMAR's expense.
- 4.3.4 The CMAR shall provide the State Public Works Division Inspector with a minimum 24 hour written notice of all desired inspections.
- 4.3.5 The CMAR will be charged for extra inspection services when any work requiring inspection is performed during time periods other than the normal workday (i.e., during nights, weekends, and holidays). The charges shall be based on the current rate of pay for State Inspection Personnel, including any applicable travel and per diem expenses. Charges for extra inspection services outside of normal working hours will be processed as deductive changes to the Contract Sum. The necessity for extra inspection services outside of normal working hours will be determined by the Owner.
- 4.3.6 The Owner and his authorized representatives shall be permitted to inspect the Work, materials, payroll records, personnel records, invoices for materials, and other relevant data of the CMAR and Subcontractors. Such inspection by the Owner or his authorized representatives shall not be considered a warranty as to the fitness or acceptability of the Work, materials, payrolls, records of personnel, invoices for materials and other relevant data and work, and shall not relieve the CMAR or his Subcontractors of their obligations or duties required by the Contract Documents.

## **SECTION 5 THE CONSTRUCTION MANAGER AT RISK (CMAR)**

### **5.1 GENERAL**

- 5.1.1 The CMAR shall carefully study and compare all parts of the Contract Documents with each other and with all information furnished by the Owner and shall immediately report any discrepancies, conflicts, or inconsistencies that he discovers in writing to the Owner and the Architect. The CMAR shall not be liable to the Owner and/or the Architect for any damages resulting from discrepancies, conflicts, or inconsistencies in the Contract Documents unless the CMAR recognized, or should have recognized, such discrepancies, conflicts, or inconsistencies and failed to report them to the Owner and the Architect.
- 5.1.2 No mobilization shall commence and no work shall be performed until all required insurance certificates have been provided to the Owner.
- 5.1.3 If the CMAR performs any work knowing that it involves a recognized discrepancy, conflict, or inconsistency in the Contract Documents, without specific notice to the Owner and the Architect, the CMAR shall assume all responsibility for such performance, including but not limited to, any and all costs for correction.
- 5.1.4 The CMAR shall submit cost proposals, progress schedules, payrolls, reports, estimates, records, and other data as the Owner or Architect may request concerning work performed, or to be performed under the Contract.

### **5.2 CMAR'S RESPONSIBILITIES**

- 5.2.4 The CMAR and each Subcontractor shall have and maintain a State of Nevada Contractor's license in good standing for the entire duration of the Work.
- 5.2.5 The CMAR shall at all times enforce good discipline and order among his employees and Subcontractors and shall, at his own cost, provide the security necessary to adequately protect the Work.
- 5.2.6 The CMAR shall at all times, and at his own cost, safely guard and protect the Owner's property, the Work, and all property adjacent to the Project, from damage, injury, or loss in connection with the Project and shall replace or make good any such damage, injury, or loss. If any work or materials become damaged, injured, or lost due to any cause, such work and materials shall be removed and replaced at the expense of the CMAR.

5.2.9 It shall be the CMAR's responsibility to ensure that all construction loading of the structural decks complies with the metal deck manufacturer's allowable loading criteria. The storage of materials and the use of mechanical lifts or other heavy moveable or stationary equipment utilized on elevated concrete slabs to perform work shall be conducted in a safe manner so as to not cause any damage or deformation to steel decks or other portions of the structure. The CMAR shall take all necessary precautions, including hiring a structural engineer when necessary to evaluate the imposed loadings on elevated slabs from materials, manpower, lifts, and equipment, in order to comply with the deck manufacturer's safe loading criteria and deflection limitations. The CMAR shall be fully responsible for any damage caused to elevated slabs or other portions of the Work as a result of construction-imposed loads utilized in performing the Work. The CMAR shall include adequate provisions in his bid to accommodate any limitations, restrictions, or additional costs that are necessary to meet the deck manufacturer's requirements for the metal deck type, spans, and materials specified in the bid documents. The CMAR shall not be entitled to an increase in the Contract Sum or an extension to the Contract Time for complying with any of the requirements of this Section (Section 5.2).

5.2.10 The CMAR shall ensure that all ductwork either stored on site or installed in the building is thoroughly sealed to protect against dirt and moisture until such time that the building is deemed by the Owner to be adequately clean to allow for start-up of the associated air handling equipment. Should ductwork not be sealed as specified, then the CMAR shall have such ductwork professionally cleaned to an as-new condition at no cost to the Owner.

### 5.3 SUPERINTENDENT

5.3.1 The CMAR shall employ a competent full-time superintendent and necessary assistants who shall be in attendance at the Project site throughout the progress of the Work. The superintendent and assistants shall be satisfactory to the Owner, and shall not be changed except with the written consent of the Owner. The superintendent shall represent the CMAR and have full authority to act on his behalf.

### 5.4 LABOR AND MATERIALS

5.4.1 Unless otherwise specifically stated in the Contract Documents, the CMAR shall provide and pay for all labor, materials, tools, equipment, water, light, power, heat, transportation, supervision, temporary construction services, procedures, and facilities of every nature required to properly execute and complete the Work in accordance with the Contract Documents. All materials shall be installed in strict compliance with the Contract Documents and the recommendations of the manufacturer.

5.4.2 In any case where the manufacturer's installation instructions conflict with the contract documents the CMAR shall bring such conflict to the attention of the Owner and the Architect prior to installing the associated materials or equipment, such that the Owner and the Architect may provide direction for an appropriate resolution to the identified conflict. Should the CMAR proceed with installing any materials or equipment in a manner contrary to the manufacturer's instructions without first notifying the Owner and the Architect, the CMAR shall remove and reinstall the materials or equipment in accordance with the manufacturer's instructions at no cost to the Owner.

5.4.3 The CMAR shall not employ or contract with any firm or organization that is unfit or unskilled in the work to be performed. The CMAR shall not discriminate or allow discrimination against any employee or applicant for employment because of race, creed, color, national origin, sex, sexual orientation, gender identity or expression, or age. The CMAR shall comply with and shall require his Subcontractors to comply with all applicable provisions of Nevada Revised Statutes Title 28 (Public Works and Planning) and Nevada Revised Statutes Title 53 (Labor and Industrial Relations).

- 5.4.6 All work performed after regular working hours, on weekends or legal holidays, shall be performed without additional expense to the Owner.
- 5.4.7 Unless otherwise specifically required, all materials and equipment incorporated in the Work shall be new, free of faults and defects, and shall conform to the Contract Documents. If required, the CMAR shall furnish evidence, satisfactory to the Owner, as to the type and quality of all materials and equipment.
- 5.4.8 No materials or equipment for the Work shall be purchased by the CMAR, nor shall the CMAR permit any Subcontractor to purchase materials or equipment, that are subject to any chattel mortgage, or are under a conditional sale contract or other security agreement by which any right, title, or interest is retained by the seller.
- 5.4.9 All materials and equipment used in the Work shall be subject to inspection and testing in accordance with accepted standards to ensure conformity with the requirements of the Contract Documents, laws, ordinances, rules and regulations, or orders of any public authority having jurisdiction. Where specific certificates concerning materials and/or equipment are required, securing payment for the prompt delivery of such certificates shall be the responsibility of the CMAR. Such certificates shall be executed by qualified firms acceptable to the Owner, shall include all information required by the Contract Documents, and shall clearly refer specifically to the relevant materials and/or equipment.
- 5.5 TEMPORARY UTILITIES, HEATING, AND COOLING
- 5.5.1 The CMAR shall be solely responsible for providing all necessary temporary utilities. The CMAR shall pay all costs related thereto, including, but not limited to, applications, fees, permits, engineering, and any other costs as may be required to acquire temporary utilities. The Owner will not be responsible for any delays or costs related to obtaining temporary utilities.
- 5.5.2 Temporary utilities may be connected to the Owner's existing metered utilities only with the Owner's and utility company's written authorization. Any connection to the Owner's existing utilities shall be separately metered to allow for proper allocation of utility costs, unless another arrangement is specifically agreed to and authorized by the Owner in writing. Temporary meters shall be removed upon completion of the Work.
- 5.5.3 The CMAR shall be solely responsible for providing temporary heating, cooling, and/or ventilation as required to prevent degradation or damage to the Work. The permanent heating, cooling, and air handling systems shall not be utilized for the purpose of temporary heating, cooling, or ventilation until the Owner approves of such use in writing. In no case shall the permanent heating, cooling, or air handling systems be operated until they are complete, including formal start-up, check-out, and testing and balancing. Utilization of any of the permanent heating, cooling, or air handling systems prior to Substantial Completion shall not impact the specified warranty for such equipment which shall begin on the date of Substantial Completion in accordance with Section 3.4 of these General Conditions.

## 5.6 EMERGENCIES

- 5.6.1 In case of an emergency which threatens loss or damage to property, personal injury, or life safety, the CMAR shall immediately take all feasible actions to prevent or mitigate such loss, damage, injury or death, without awaiting instructions from the Owner or the Architect. The CMAR shall notify the Owner and the Architect in writing of such emergency at the first feasible opportunity.

The list shall include telephone numbers for the CMAR's superintendent and for other responsible CMAR representatives that can be contacted after normal working hours in the event of an emergency. This list shall be prominently posted both inside and outside of the CMAR's field office.

- 5.7.1 Within 30 days after issuance of the Notice to Proceed and prior to issuing any progress payment application, the CMAR shall submit a construction schedule to the Owner and the Architect for review. The schedule shall not exceed the Contract Time, shall be revised at appropriate intervals as required by the progress and conditions of the Work, and shall provide for performance and completion of the Project in accordance with the Contract Documents.
- 5.7.2 The construction schedule shall be organized to show progress for each trade and operation. As a minimum, the schedule shall show the order in which the CMAR proposes to perform the Work, with the proposed starting and completion dates, and with available float for each activity of the Work. Activities which constitute critical path portions of the Work shall be clearly identified as such. The schedule shall include line items for submittal preparation, submittal review, re-submittal preparation, re-submittal review, and procurement, fabrication, and delivery of materials and equipment. The Schedule Coordination Meeting shall take place as soon as possible after the Notice to Proceed is issued.
- 5.7.6 The CMAR shall submit a current/updated construction schedule with each Progress Payment Application. Failure by the CMAR to provide a current construction schedule shall be justification for the Owner to withhold approval or reduce the amount of the payment due the CMAR.

5.7.7 In the event of any failure to adhere to the construction schedule the CMAR shall, within 7 days of written notice from the Owner, provide a recovery schedule for review by the Owner and the Architect. The recovery schedule shall identify how the CMAR proposes, at his sole expense, to overcome the associated delays and complete the Work within the Contract Time. The Owner reserves the right to either approve or deny such requests.

- 5.23.6 The CMAR shall be as fully responsible to the Owner for the acts and omissions of his Subcontractors, and of persons either directly or indirectly employed by them, as he is for the acts and omissions of the persons directly employed by him. If, through acts or neglect on the part of the CMAR, any Subcontractor suffers loss or damage, the CMAR agrees to settle with such Subcontractor. If such Subcontractor asserts any claim against the Owner on account of any damage alleged to have been sustained, the Owner shall notify the CMAR, who shall indemnify, hold harmless, and defend the Owner against any such claim.

In paying any unpaid bills of the CMAR, the Owner shall be deemed the agent of the CMAR, and any payment so made by the Owner, shall be considered as a payment made under the Contract by the Owner to the CMAR, and the Owner shall not be liable to the CMAR for any such payment made in good faith.

## **SECTION 7 PAYMENT**

### **7.1 SCHEDULE OF VALUES**

7.1.1 Within 14 calendar days after the issuance of the Notice to Proceed, the CMAR shall submit to the Owner and the Architect a schedule of values of the various portions of the Work, aggregating to the total Contract Sum, divided to facilitate payments to Subcontractors, prepared in a form acceptable to the Owner, and supported by such data to substantiate its correctness as the Owner may require. This schedule, when approved by the Owner and the Architect, shall be the basis for each Progress Payment Application. The scheduled costs shall be itemized in accordance with the breakdown listed in the CMAR GMP Proposal and according to the list of defined components included in Section 7.5 (Payment Terms and Conditions).

### **7.2 PROGRESS PAYMENT APPLICATIONS**

7.2.1 The CMAR shall submit a Progress Payment Application not more than once each month in the form required by the Owner. Each Progress Payment Application shall be accompanied by a current construction schedule, updated to reflect all change orders and/or changes in the Work, and by a copy of the documentation for construction waste recycling (as required by Section 5.25 'Site Management and Cleanup Procedures').

7.2.2 Each Progress Payment Application shall correctly set forth the value of all Work satisfactorily performed to date, less 5% of that amount as a retained percentage. The Owner may also pay the invoiced value, less retention, of materials properly stored on site or in approved, bonded, and insured facilities. Once the satisfactorily completed Work is more than 50% complete, the Owner will discontinue withholding any additional retention beyond the 5% already withheld on the initial 50% of the completed Project.

7.2.3 If payment is requested for materials or equipment not yet incorporated in the Work, but delivered and properly stored at the site or at a bonded and insured facility previously approved by the Owner in writing, such payment shall be conditioned upon submission by the CMAR of documentation, satisfactory to the Owner as deemed necessary to protect the Owner's interest, including photographs and evidence of applicable insurance. The risk of loss for such materials or equipment shall remain with the CMAR until final completion and acceptance of the Work.

7.2.4 The CMAR guarantees that title to all work, materials, and equipment covered by a Progress Payment Application, whether incorporated into the Project or not, has passed to the Owner prior to issuing the Progress Payment Application, free and clear of all liens, claims, security interests, or encumbrances, and that no work, materials, or equipment covered by a Progress Payment Application has been acquired by the CMAR, or by any other person, subject to an agreement under which an interest therein, or an encumbrance thereon is retained by the seller or otherwise imposed by the CMAR or such other person. This provision shall not be construed to relieve the CMAR of his sole responsibility for the care and protection of the Work, and to restore all damages thereto, nor shall serve as a waiver of the right of the Owner to require the fulfillment of all terms of the Contract Documents.

7.2.5 Within 30 days of receipt of each Progress Payment Application, the Owner and the Architect will either approve the Progress Payment Application, modify the Progress Payment Application for such amount as is determined to be properly due, or reject the Progress Payment Application.

- 7.2.6 The Owner or the Architect may decline to approve any Progress Payment Application, or, because of subsequently discovered evidence or subsequent inspections, may nullify any part of a Progress Payment Application previously paid to such extent as may be necessary to protect the Owner from loss based on any of the following grounds:
- A. Defective work not remedied.
  - B. Claims filed or reasonable evidence indicating the probable filing of claims.
  - C. Failure of the CMAR to make proper payments to Subcontractors or Suppliers.
  - D. Reasonable doubt that the Work can be completed for the unpaid balance of the Contract Sum.
  - E. Damage to a separate contractor.
  - F. Reasonable indication that the Work will not be completed within the Contract Time.
  - G. Unsatisfactory execution of the Work by the CMAR.
  - H. Failure to maintain any insurance required by the Contract Documents.
  - I. Any other breach of the Contract.

When the grounds for declining or revising any part of a Progress Payment Application are removed payment shall be approved for the associated amount withheld.

- 7.2.7 If the Owner should fail to pay the CMAR within 30 calendar days after the date that a Progress Payment Application is signed and approved for payment by the Owner, then the CMAR may, after 7 additional calendar days, give written notice to the Owner and stop the Work until payment is received.
- 7.2.8 No payment by the Owner shall constitute an acceptance of any work not in accordance with the Contract Documents, nor shall it relieve the CMAR of full responsibility for correcting defective work or materials found at any time prior to completion of the entire Work or during the warranty period.

### 7.3 FINAL PAYMENT

- 7.3.1 When the Owner has received satisfactory evidence that all claims and obligations of the CMAR have been paid, discharged, or waived, the Owner will make final payment to the CMAR of all monies retained on all properly completed and accepted work.
- 7.3.2 As a condition of requesting or receiving final payment, the CMAR shall submit all operation and maintenance manuals, as-built drawings, surety release, and all other close-out documents as may be applicable under the Contract Documents.
- 7.3.3 Issuance of final payment shall constitute a waiver of all claims by the Owner except those arising from any of the following:
- A. Unsettled claims.
  - B. Warranty issues.
  - C. Faulty or defective work.
  - D. Failure of the Work to comply with the requirements of the Contract Documents.
  - E. Latent defects in the Work.

If any such claims remain unsatisfied after final payment is made, the CMAR shall refund to the Owner all monies the Owner may be compelled to pay in discharging such claims and any costs related thereto.

7.3.4 The acceptance by the CMAR of final payment shall constitute a full and complete release to the Owner of all claims by, and all liability to, the CMAR for all things done or furnished in connection with the Work and for every act and neglect of the Owner and any others for whom the Owner is or may be responsible relating to or arising out of performance of the Work by the CMAR. No payment, final or otherwise, shall operate to release the CMAR or his Surety from any obligations under the Contract, or under the Performance and Payment Bonds.

7.4 INTEREST PAYMENTS

7.4.1 Interest will be paid to the CMAR for monies that are retained on satisfactorily completed work, in accordance with Nevada Revised Statutes Section 338.515. When applicable, interest payments will be issued to the CMAR by the State Treasurer's Office on a quarterly basis.

7.5 PAYMENT TERMS AND DEFINITIONS

7.5.1 The 'Cost of the Work' includes the following:

- A. The cost of all materials, supplies, and equipment incorporated into the Work.
- B. All costs directly incurred in performance of the Work, including costs which are reasonably inferable from the Contract Documents as being necessary to produce the finished construction as described in the Contract Documents, excluding costs covered under the CMAR's General Conditions and the CMAR's Fee.

### **8.1 GENERAL REQUIREMENTS**

- 8.1.1 Without limiting any of the other obligations or liabilities of the CMAR, the CMAR shall, at his sole expense, procure, maintain, and keep in force the amounts and types of insurance conforming to the minimum requirements set forth in this Section, unless otherwise agreed to by the Owner in writing. The required insurance coverage shall be procured before any work commences on the Project and shall be maintained continuously in force at all times. If the CMAR fails to comply with this Section, the CMAR shall be considered in default of the Contract. The Owner shall be named as additional insured on all liability policies required in this Section.
- 8.1.2 Without limiting any of the other obligations or liabilities of the CMAR, the CMAR shall, at the CMAR's sole expense, cause each Subcontractor and each Sub-subcontractor involved with the work of construction under the direction and control of the CMAR for this contract, to procure, maintain, and keep continuously in force, the amounts and types of insurance conforming to the minimum requirements set forth in this section, unless otherwise agreed to beforehand by the Owner in writing. The required insurance coverage shall be procured before any work commences on the Project and shall be maintained continuously in force at all times. The required limits of insurance for Subcontractors shall be based on the value of their portion of the work as listed in the Subcontractor's contract with the CMAR. If the CMAR fails to comply with this Section, the CMAR shall be considered to be in default of Contract.
- 8.1.3 Unless specified herein or otherwise agreed to by the Owner, the required insurance shall be in effect prior to the commencement of work by the CMAR and shall continue in force until the latter of the following two conditions:
- A. Final acceptance by the Owner of the completed Work and acceptance of final payment by the CMAR.
  - B. At such time that the insurance is no longer required by the Owner under the terms of the Contract Documents.
- 8.1.4 As evidence of compliance with the insurance required by Section 8 (Insurance and Bonding), the CMAR shall furnish the Owner with all certificates of insurance (ACORD form 25-S or equivalent form approved by the Owner) prior to the award of the contract. The CMAR shall maintain original copies of Subcontractor insurance certificates for the duration of the Project and throughout the warranty period. Such records shall be furnished to the Owner upon request. The certificates for each insurance policy shall be signed by a person authorized by the insurer to bind coverage on the insurer's behalf. All certificates along with the required endorsements shall be received and approved by the Owner before any work commences. The Owner's project number and project description shall be noted on each certificate of insurance. Upon renewal of any of the listed policies the Owner shall be furnished with replacement certificates immediately.
- 8.1.5 The Owner reserves the right to require and obtain complete, certified copies of any insurance policies required by the Contract Documents at any time. Complete copies of policies shall be furnished by the CMAR and by any Subcontractor or Sub-subcontractor within 10 days after a written request is issued by the Owner. In lieu of a required certificate of insurance the CMAR may furnish an original binder signed by an authorized representative of the insurer(s) for a maximum of 60 days from the date of inception of the associated policy(ies).
- 8.1.6 With respect only to the bonds required by Section 8.6 (Performance and Payment Bonds), the CMAR shall furnish the Owner with properly executed bonds on forms acceptable to the Owner and shall have affixed to each bond a certified copy of a current power of attorney of the attorney-in-fact who executed the bond on behalf of the surety.

- 8.1.7 All insurance policies must be specifically endorsed to provide the Owner with 45 days written notice of cancellation, non-renewal or restriction of coverage. Until such time as the insurance is no longer required by the Owner, the CMAR shall provide the Owner with renewal or replacement evidence of insurance in the manner described herein no less than 30 days before the expiration or replacement of the required insurance.

- 8.1.11 The insurance provided by the CMAR and his Subcontractors pursuant to this Contract shall apply on a primary basis and any other insurance or self-insurance maintained by the Owner or an Owner's official, officer, agent or employee shall be in excess of and not contributing to the insurance provided by or on behalf of the CMAR. Coverage maintained by the CMAR or his Subcontractors shall apply first, before any other insurance, on a primary basis, and without application of a deductible or self-insured retention unless otherwise specifically agreed to by the Owner. Such approval shall not relieve the CMAR from payment of any deductible or self-insured retention.
- 8.1.12 If at any time during the period when insurance is required by the Contract, an insurer or surety shall fail to comply with any of the foregoing minimum requirements, as soon as the CMAR has knowledge of any such failure, the CMAR shall immediately notify the Owner and immediately replace such insurance or bond with an insurer or surety meeting the requirements.
- 8.1.13 Neither approval by the Owner nor failure to disapprove the insurance furnished by the CMAR or his Subcontractors shall relieve the CMAR of the CMAR's full responsibility to provide the insurance and bonds required by the Contract. Further, compliance with the insurance and bond requirements of this Contract shall not limit the liability of the CMAR or his Subcontractors, employees or agents to the Owner or others, and shall be in addition to and not in lieu of any other remedy available to the Owner under this Contract or otherwise, including, but not limited to, the indemnity provisions stipulated in Subsection 3.15.
