

HOW TO USE THE INTERACTIVE INVENTORY QUICK REFERENCE

Use this guide to get the most out of the Interactive State-Owned Buildings Inventory.

Navigate

Home – Return to the Portfolio page

State of Nevada – Return to the Statewide page

Reset filters on the page to default

Go back one page

Contact – View contact information

Explore the Inventory

- Use the filters to narrow the inventory by department, county, or city
- Hover over a map location to view additional details
- Right-click a site and select Drill through to view the Site page

Interact with Visuals

- Click a chart or map location to filter other visuals on the page
- Click the selected item again or click in a blank area to clear the selection
- Use the map controls or mouse wheel to zoom and pan

Tips

- Use the Search box in dropdown filters to quickly locate department, county or city
- Hover over information icons to view additional guidance
- Data reflects the current State-Owned Buildings Inventory maintained by the State Public Works Division

Need Help?

If you have questions about the inventory or need assistance using the interactive application, please visit the Contact page within the Interactive State-Owned Buildings Inventory or contact the State Public Works Division Facility Condition Assessment unit.
