2. Introductions

Project Brief

3. Established Construction Budget: \$49,926,222 (Combined)

4. Gross Building Area: 900,000 square feet (total complex)

5. Description:

#25-M06:

This project will design and construct the replacement of rooftop evaporative cooled equipment and exhaust fans for Housing Units 1-12. This project will also design the replacement of all rooftop mechanical equipment for all buildings on the campus. If there are project savings, it will be used for equipment replacements on other buildings. The existing mechanical equipment is original to the housing units are beyond their normal lifespan, and cannot reliably maintain the correct temperatures. Changing out these units will deliver cooling efficiently and reliably.

25-S01-16:

This project will design and install new roofing systems on Housing Units 1 through 8, and Education building at High Desert State Prison in Las Vegas, Nevada. The current roofing systems have gone beyond their useful service life.

Overall Project Schedule

6. See attached preliminary project schedule.

Site

7. The High Desert State Prison is located 40 miles north of Las Vegas on the west side of Highway 95. It is the largest correctional facility within the Department of Corrections. The complex buildings total approximately 900,000 square feet of space. The institution opened September 1, 2000 and is the reception unit for Southern Nevada. Housing units 1-4 were constructed in 2000, housing units 5-8 were constructed in 2002, and housing units 9-12 were constructed in 2008 and 2009.

Project Challenges

Four-year design and construction timeline
Secured Facility
Staging, due to the facility being fully occupied
Temporary facilities if required
Building Automation
Cleaning/balancing existing ductwork
Providing product with the least/no maintenance.

ARTICLE 1 PROJECT DESCRIPTION AND BUDGET

Building Name: High Desert State Prison (HDSP) – Housing Units 1-12

Gross Building Area: 900,000 square feet (total complex)

Established Construction Budget: a) Evaporative Cooling Replacement: \$48,237,588

b) Roofing Replacement HU 1-8 and Educ. Bldg.: \$1,688,634

General Project Description:

a) Evaporative Cooling Replacement for HU 1-12 (SPWD Project #25-M06)

This project will design and construct the replacement of rooftop evaporative cooled equipment and exhaust fans for Housing Units 1-12. This project will also design the replacement of all rooftop mechanical equipment for all buildings on the campus. If there are project savings, it will be used for equipment replacements on other buildings. The existing mechanical equipment is original to the housing units are beyond their normal lifespan, and cannot reliably maintain the correct temperatures. Changing out these units will deliver cooling efficiently and reliably.

The High Desert State Prison is located 40 miles north of Las Vegas on the west side of Highway 95. It is the largest correctional facility within the Department of Corrections. The complex buildings total approximately 900,000 square feet of space. The institution opened September 1, 2000 and is the reception unit for Southern Nevada. Housing units 1-4 were constructed in 2000, housing units 5-8 were constructed in 2002, and housing units 9-12 were constructed in 2008 and 2009.

b) Roofing Replacement, HU 1-8 and Educ. Building (SPWD Project #25-S01-16)

This project will design and install new roofing systems on Housing Units 1 through 8, and Education building at High Desert State Prison in Las Vegas, Nevada. The current roofing systems have gone beyond their useful service life.

ARTICLE 2 PAYMENT TERMS AND DEFINITIONS

See CMAR General Conditions of the Contract (Section 7.5).

ARTICLE 3 CMAR PRE-CONSTRUCTION SERVICES

See Owner-CMAR Pre-Construction Agreement for description of required services.

The CMAR's participation will commence immediately upon contract execution.

ARTICLE 4 PROJECT AND RFP TIME SCHEDULE

See Baseline Project Schedule (Article 9). The Baseline Project Schedule includes a tentative schedule of events and dates. The Baseline Project Schedule is subject to change as deemed appropriate by the Owner.

ARTICLE 5 CMAR REQUEST FOR PROPOSALS SUBMITTAL REQUIREMENTS

The submittal shall be bound and indexed, shall be separated into the following specific categories, and the information within each category shall be ordered to match those listed in this request for proposals.

A cover letter shall be included that addresses pertinent general information as deemed appropriate by the CMAR. The cover letter shall also include the appropriate contact person at the CMAR firm, along with their phone number and e-mail address, and a list of 3 references with their contact information.

ARTICLE 6 CMAR SELECTION SCHEDULE

The following dates are tentative and are subject to revision by the Owner:

Pre-Proposal Meeting

(At SPWD Las Vegas Office Conference Room

7115 Amigo St., Ste. 100, Las Vegas, NV 89119)

Notification Letter Issued to Short-Listed CMAR Firms

11/14/25

CMAR Interview Submittal due in SPWD Office

11/21/25

Board of Examiners Approval of Owner-CMAR Pre-Construction Agreement 2/10/25 (Tentative)

ARTICLE 7 CMAR SELECTION PROCESS

The CMAR selection process will be conducted in accordance with all of the requirements stipulated in Nevada Revised Statutes Chapters 338 and 341 and Nevada Administrative Code Chapters 338 and 341.

A short-list of between 2 and 5 CMAR firms will be determined based on proposals only. Each of the short-listed firms will be asked to prepare and submit a CMAR Fee Proposal responding to the CMAR Interview Submittal. The final selection will be based on the interview and the CMAR Fee Proposal (see Final Selection Criteria and Weighting listed in Article 8).

ARTICLE 8 CMAR EVALUATION AND SELECTION CRITERIA

Evaluation of the CMAR firms will be based on the information requested and provided in the CMAR's Proposal. The defined categories will be evaluated on a percentage score or on a pass/fail basis, as may be applicable. All proposers understand and accept that the weighted selection criteria are both subjective and objective by nature and that the weight factor of each category is intended to define its relative importance. The final ranking of each firm will be based on a combined evaluation of all applicable criteria. By submitting a Proposal, the proposer acknowledges that the State Public Works Division has sole and absolute discretion in determining the selection criteria and in evaluating the proposer based on the selection criteria in each category.
